List of Add on/ certificate/value added programs offered during academic year 2021-22

| S. No | Programme | Name of the program | Duration | No. of students Participated |
|-------|-------------|--|-----------------------|------------------------------|
| 1 | III B-Pharm | A two-week certification program on "Clinical research and data management" | 07.9.2021-21.09.2021 | 93 |
| 2 | III Pharm-D | "Comprehensive course on antibiotics usage" | 20.11.2021-03.12.2021 | 21 |
| 3 | II Pharm-D | Certification course on "Pharmacokinetics and dosage calculation" | 06.12.2021-18.12.2021 | 22 |
| 4 | IV B-Pharm | Certification program on "Functioning of pharmaceutical industry" | 06.12.2021-23.12.2021 | 68 |
| 5 | V Pharm-D | A three-week certification program on "Patient perspectives on medication" | 07.02.2022-26.02.2022 | 19 |
| 6 | I Pharm-D | A two-week certification program on "Lifestyle essentials" | 07.03.2022-19.03.2022 | 29 |
| 7 | I B-Pharm | A three-week certification program on "Laboratory techniques and usage of hazardous chemicals" | 04.04.2022-23.04.2022 | 92 |
| 8 | I M-Pharm | "Advances in pharmaceutical drug delivery" A two-week certification course | 18.04.2022-30.04.2022 | 28 |
| 9 | IV pharm-D | A two-week certification program on "Drugs, Drugusage, public health and drug abuse" | 25.04.2022-07.05.2022 | 27 |
| 10 | II B-Pharm | A two-week certification program on "Medication you need to know" | 02.05.2022-14.05.2022 | 88 |
| 11 | II M-Pharm | A two-week certification program on "Analytical method development and validation" | 18.06.2022-30.06.2022 | 14 |

ABOUT THE COLLEGE

GIET School of Pharmacy was established in 2004 by Founder and Chairman Dr. K.V.V. Satyanarayana Raju, under Sri Koundinya Educational Society who is the pioneer in educational institutions of East Godavari District, Andhra Pradesh. The institute is affiliated to Andhra University, approved by AICTE and recognized by PCI, New Delhi. GIET School of Pharmacy is one of few institutions in Andhra Pradesh approved by the National Assessment and Accreditation Council (NAAC), Bangalore, which illustrates its quality in academe. Considering the global focus on clinical orientation of the pharmacy profession, GIET School of Pharmacy is one of the few institutions, which introduced the Doctor of Pharmacy (Pharm.D) course in 2008, for the first time in India, with the approval from PCI.

OBJECTIVES

Clinical Research is considered to be the main tool in the drug development process, it also reveals various approaches to drug discovery which when done appropriately leads to different phases of clinical trials. Good data management is key to maintaining, processing, analysing and storing high quality data. This course provides an overview and guide to this important element of the research process and is aimed at everyone involved in the clinical research.

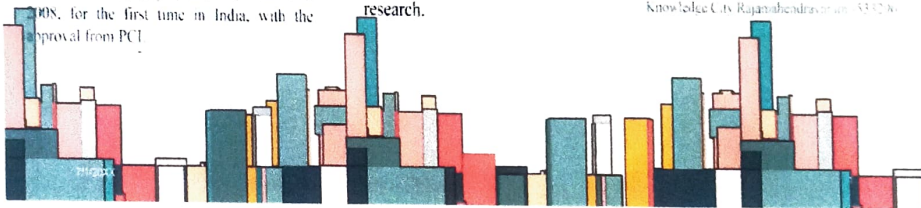

GIET SCHOOL OF PHARMACY

A TWO-WEEK CERTIFICATION PROGRAM ON CLINICAL RESEARCH AND DATA MANAGEMENT

TIMINGS 9.30 Am to 12.30 Pm

GIET School of Pharmacy NH-16, Chaitanya Knowledge City, Rajamahendravaram - 533296

TOPICS COVERED

- Drug development process
- Various approaches to drug discovery
- Introduction to different phases of clinical trials
- Methods of post-marketing surveillance
- Abbreviated New Drug Application submission
- Challenges in the implementation of guidelines
- Ethical guidelines in clinical research
- Role and responsibilities of clinical research associates
- Designing of clinical study documents
- Informed consent process
- Introduction to data management in clinical research
- Components of data management
- Medical coding and data validation
- Safety monitoring in clinical trials

OUTCOME OF THE PROGRAM

The participants of the work shop will be able to understand the Clinical Data Management (CDM) is a critical phase in clinical research, which leads to generation of high-quality, reliable, and statistically sound data from clinical trials. This helps to produce a drastic reduction in time from drug development to marketing. It helps the participants to understand clinical trial management systems. This training helps us to understand Artificial intelligence

PROGRAM REPORT

Program name : Clinical research and Data management
Duration : 07.09.2021 - 21.09.2021
Venue : GIET School of Pharmacy
Organised by : Pharmacy college
No. of Participants : 93

Objective of the program:

Clinical Research is considered to be the main tool in the drug development process, it also reveals various approaches to drug discovery which when done appropriately leads to different phases of clinical trials. Good data management is key to maintaining, processing, analysing and storing high quality data. This course provides an overview and guide to this important element of the research process and is aimed at everyone involved in the clinical research.

Topics Covered:

- Drug development process
- Various approaches to drug discovery
- Introduction to different phases of clinical trials
- Methods of post-marketing surveillance
- Abbreviated New Drug Application submission
- Challenges in the implementation of guidelines
- Ethical guidelines in clinical research
- Role and responsibilities of clinical research associates
- Designing of clinical study documents
- Informed consent process
- Introduction to data management in clinical research
- Components of data management
- Medical coding and data validation
- Safety monitoring in clinical trials

Outcome of the program

The participants of the work shop will be able to understand the Clinical Data Management (CDM) is a critical phase in clinical research, which leads to generation of high-quality, reliable, and statistically sound data from clinical trials. This helps to produce a drastic reduction in time from drug development to marketing. It helps the participants to understand clinical trial management systems. This training helps us to understand Artificial intelligence in clinical aspects. The main objective of this workshop is to make the participants aware of the Clinical trials and data management in pharmaceutical manufacturing units

From 07.09.2021 to 21.09.2021, A two-week certification program was held on Clinical Research and Data Management in our college and 93 students participated in the workshop.

ABOUT THE COLLEGE

GIET School of Pharmacy was established in 2004 by Founder and Chairman Dr. K.V.V. Satyanarayana Raju, under Sri Koundinya Educational Society who is the pioneer in educational institutions of East Godavari District Andhra Pradesh. The institute is affiliated to Andhra University, approved by AICTE and recognized by PCI, New Delhi. GIET School of Pharmacy is one of few institutions in Andhra Pradesh approved by the National Assessment and Accreditation Council (NAAC), Bangalore, which illustrates its quality in academe. Considering the global focus on clinical orientation of the pharmacy profession, GIET School of Pharmacy is one of the few institutions which introduced the Doctor of Pharmacy (Pharm.D) course in 2008, for the first time in India, with the approval from PCI.

**A TWO-WEEK CERTIFICATION PROGRAM
ON A COMPREHENSIVE COURSE ON
ANTIBIOTICS USAGE**

REGISTRATION FREE

DATE

20.11.2021 - 03.12.2021

TIME

09:30AM to 12:30 PM

GIET School of Pharmacy NH-16,
Chaitanya Knowledge City
Rajamahendravaram -533296

OBJECTIVES

Over 90 years ago with the discovery of the first effective and safe antibiotic, everyone expected life is going to be easier. The microbes, that once used to threaten us, cause us lifelong terrible injuries and take the lives of the people. We love and are finally becoming simply beatable. So antibiotics indeed saved our lives big time. But our enemies were not any less of smart; they fought us back and didn't just surrender, and honestly thanks to us, we've helped

TOPICS COVERED

- What are antibiotics
- How do antibiotics work
- When are antibiotics usually prescribed
- Which antibiotic is usually prescribed
- What are the possible side effects
- Who cannot take antibiotics
- How do you choose antibiotic treatment
- How do you teach patient about Antibiotics
- Why do doctors prescribe antibiotic for viral infection
- Antibiotics-past, present and future

OUTCOME OF THE PROGRAM

The participants of the certification programme will be able to understand how to enhance infection prevention and control, control the source of infection, prescribe antibiotics when they are truly needed, and how to prescribe the appropriate antibiotics at the right time. Prescribe antibiotics with adequate dosages and also to support an interdisciplinary approach. The main objective of this programme is to make the participants aware of the antibiotics and antibiotic usage in pharmacy.

PROGRAM REPORT

Program name : A Comprehensive course on Antibiotics usage

Duration : 20.11.2021 - 03.12.2021

Venue : GIET School Of Pharmacy

Organised by : Pharmacy college

No. of Participants : 21

Objective of the program:

Over 90 years ago with the discovery of the First effective and safe antibiotic, everyone expected life is going to be easier, the microbes, that once used to threaten us, cause us lifelong terrible injuries and take the lives of the peoples. We love are finally becoming simply beatable., So Antibiotics indeed saved our lives big time But Our enemies were not any less of smart, they fought us back and didn't just surrender, and honestly thanks to us, we've helped.

Topics Covered:

- What are antibiotics
- How do antibiotic's work
- When are antibiotics usually prescribed
- Which antibiotic in usually prescribed
- What are the possible side effects
- Who cannot take antibiotics
- How do you choose antibiotic treatment
- How do you Teach patient about Antibiotics
- Why do doctors prescribe antibiotic for viral infection
- Antibiotics-past, present and future

Outcome of the program

The participants of the certification programme will be able to understand how to enhance infection prevention and control, Control the source of infection, prescribe antibiotics when they are truly needed, and how to prescribe the appropriate antibiotics at the night time, Prescribe antibiotics with adequate dosages and also to support an inter disciplinary approach. The main objective of this Programme is to make the participates aware of the antibiotics and antibiotic usage in pharmacy

From 20.11.2021 to 03.12.2021, A certification program was held for two weekson “Comprehensive course on Antibiotics usage” in our college by Dr.P. Himasree Department of Pharmacy practiceand 21 students participated in the programme.

NAAC ACCREDITED

Objective of the programme

Pharmacokinetics is an important field of study which Provides important data on the behavior of molecules within organisms. By applying pharmacokinetic principles to preclinical trails, safer and more accurate clinical trials can be designed. Giving medications in the medical field involves not only knowing what and when to give but also how to administer dosage calculations are just as important as knowing what to give. This course provides an overview and guide about the important elements to be considered in do pharmacokinetics and dosage calculations.

TOPICS COVERED

- Compounds of pharmacokinetics
- Principles of pharmacokinetics
- Parameters of pharmacokinetics.
- Basic principles of medication.
- Dosage Calculation ratio.
- Methods to calculate dosage.
- Basic formulas of dosage calculation.
- Errors in dosage calculations.
- Correction of errors in dosage calculations.
- Factors to be considered in dosage calculations.
- Drug transport systems
- 30-minute rule in medication.
- Bioavailability of drugs.
- Pk parameters.

ABOUT THE COLLEGE

GIET School of Pharmacy was established in 2004 by Founder and Chairman Dr. K.V.V. Satyanarayana Raju, under Sri Koundinya Educational Society who is the pioneer in educational institutions of East Godavari District, Andhra Pradesh. The institute is affiliated to Andhra University, approved by AICTE and recognized by PCI, New Delhi. GIET School of Pharmacy is one of few institutions in Andhra Pradesh approved by the National Assessment and Accreditation Council (NAAC), Bangalore, which illustrates its quality in academe. Considering the global focus on clinical orientation of the pharmacy profession, GIET School of Pharmacy is one of the few institutions, which introduced the Doctor of Pharmacy (Pharm.D) course in 2008, for the first time in India, with the approval from PCI.

OUTCOME OF THE PROGRAM

The participants of the course will be able to understand the importance of pharmacokinetics and dosage calculation. This will give the idea that on how the drug passes through different pathways to give desired Therapeutic action with minimal side effects. Dosage is an important to be consider while medicating a patient. So, the participants can be able to understand why different age group of patients will have different dosage forms and how does these changes in dosage will affect patient, important factors to be considered while recommending a dosage.

GIET SCHOOL OF PHARMACY

A TWO-WEEK CERTIFICATION PROGRAM ON FUNCTIONING OF PHARMACEUTICAL INDUSTRY

GIET School of Pharmacy NH-16,

Chaitanya Knowledge City,

Rajamahendravaram -533296

TIMINGS: 9:30Am to 12:30 Pm

OBJECTIVE OF THE PROGRAM

Pharmaceutical industry is one of the most dynamic and exiting professions in the world. There are tremendous opportunities for those that are able to develop their expertise and work closely with pharma industry. In the present course structure and functioning of global pharmaceutical industries are explained and know which medicines are successful in all time and industry evolving in adapting many issues which it faces. By the end of this course, you will be able to talk confidently about the pharmaceutical industry during a presentation, in an interview, with co-workers, with customers or in general conversation with friends.

ABOUT THE COLLEGE

GIET School of Pharmacy was established in 2004 by Founder and Chairman Dr. K.V.V. Satyanarayana Raju, under Sri Koundinya Educational Society who is the pioneer in educational institutions of East Godavari District, Andhra Pradesh. The institute is affiliated to Andhra University, approved by AICTE and recognized by PCI, New Delhi. GIET School of Pharmacy is one of few institutions in Andhra Pradesh approved by the National Assessment and Accreditation Council (NAAC), Bangalore, which illustrates its quality in academe. Considering the global focus on clinical orientation of the pharmacy profession, GIET School of Pharmacy is one of the few institutions, which introduced the Doctor of Pharmacy (Pharm.D) course in 2008, for the first time in India, with the approval from PCI

COVERED

- Structure of Pharmaceutical industry
- Bulk industries
- Formulation industries
- Ware house
- Quality control units
- Quality Assurance units
- Packaging unit
- Major developments in today's industries
- Supply chain management
- How the industry has evolved and how the industry is adapting
- Drug, environment health and safety.

OUTCOME OF THE PROGRAM

The participants of the certification programme will be able to understand basic structure and functioning of global pharmaceutical industry, Product development, Manufacturing units, Clinical phases. This helps the participants those who are aspiring job in industry sectors. It helps the participants to understand Facilities and equipment in Industries. This training helps us to understand operational maintain ace, information systems, supply chain ware house and distribution managements in industries.

PROGRAM REPORT

Program name : Functioning of Pharmaceutical Industry

Duration : 06.12.2021 - 23.12.2021

Venue : GIET School Of Pharmacy

Organised by : Pharmacy college

No. of Participants : 68

Objective of the program:

Pharmaceutical industry is one of the most dynamic and exiting professions in the world. There are tremendous opportunities for those that are able to develop their expertise and work closely with pharma industry. In the present course structure and functioning of global pharmaceutical industries are explained and know which medicines are successful in all time and industry evolving in adapting many issues which it faces. By the end of this course, you will be able to talk confidently about the pharmaceutical industry during a presentation, in an interview, with co-workers, with customers or in general conversation with friends.

Topics Covered:

- Structure of Pharmaceutical industry
- Bulk industries
- Formulation industries
- Ware house
- Quality control units
- Quality Assurance units
- Packaging unit
- Major developments in today's industries
- Supply chain management
- How the industry has evolved and how the industry is adapting
- Drug, environment health and safety.

About the college

GIET School of Pharmacy was established in 2004 by Founder and Chairman Dr. K.V.V. Satyanarayana Raju, under Sri Koundinya Educational Society who is the pioneer in educational institutions of East Godavari District, Andhra Pradesh. GIET School of Pharmacy is one of few institutions in Andhra Pradesh approved by the National Assessment and Accreditation Council (NAAC), Bangalore, which illustrates its quality in academe. Considering the global focus on clinical orientation of the pharmacy profession, GIET School of Pharmacy is one of the few institutions, which introduced the Doctor of Pharmacy (Pharm.D) course in 2008, for the first time in India, with the approval from PCI.

A Three-Week Certification Programme on Patient perspectives on Medications

OBJECTIVES

Medication safety incidents are common in primary care and contributory factors for medication errors can assist in our understanding of their causes. A framework that is positioned from the perspective of patients would be advantageous in practice when asking patient insights into medication safety. The aim of this study was to develop a patient-centred contributory factors framework for examining medication safety incidents.

ABOUT THE COLLEGE

GIET School of Pharmacy was established in 2004 by Founder and Chairman Dr. K.V.V. Satyanarayana Raju, under Sri Koundinya Educational Society who is the pioneer in educational institutions of East Godavari District, Andhra Pradesh. The institute is affiliated to Andhra University, approved by AICTE and recognized by PCI. New Delhi. GIET School of Pharmacy is one of few institutions in Andhra Pradesh approved by the National Assessment and Accreditation Council (NAAC), Bangalore, which illustrates its quality in academe. Considering the global focus on clinical orientation of the pharmacy profession, GIET School of Pharmacy is one of the few institutions, which introduced the Doctor of Pharmacy (Pharm.D) course in 2008, for the first time in India, with the approval from PCI.

A THREE-WEEKS CERTIFICATION PROGRAMME ON LABORATORY TECHNIQUES AND USAGE OF HAZARDOUS CHEMICALS

REGISTRATION FREE

DATE: 04.04.2022 - 23.04.2022 TIMINGS: 9:30 Am to 12:30 Pm

GIET School of Pharmacy NH-16,
Chaitanya Knowledge City
Rajamahendravaram -533296

OBJECTIVES

Laboratory techniques phenomena is considered to the key role for developing practical skills. These also helps to develop critical and quantitative thinking. Proper knowledge about laboratory techniques also leads to decrease in statistical and systematic across in the experimental works well knowledge about laboratory techniques leads develop in the laboratory works. Having a program on safety usage of hazardous chemicals will reduce health and safety risks and decreases the risk of absorbing harmful amount of chemicals through the skin. This entire programme provides an overview on proper techniques to be followed in the laboratory and safe usage of toxic chemicals.

TOPICS COVERED

- Basic laboratory techniques
- Good laboratory practice
- Standard operating procedure
- Calibration of instruments
- Blotting techniques, Spectroscopic techniques, Chromatographic techniques
- Gel electrophoresis
- Microscopic techniques
- Cell culture techniques
- Methods for growing microbes
- Extraction techniques
- Polymerase chain reaction
- Techniques to perform bioassays
- Precautions to be taken to prevent from health hazards
- Handling of concentrated chemicals
- Proper knowledge on instruments
- Contamination of chemicals
- Proper laboratory facilities required to store chemicals

OUTCOME OF THE PROGRAM

The participated students of the certification Programme will be able to understand the good laboratory techniques leads to performing reliable examination quality and output this also enable the students to explore a variety of laboratory testing techniques on various methods and instruments. It helps to provide a proper information about toxic chemical releases and other safety measures to be taken. This training helps the students to understand the best ways to improve good laboratory practices in regular laboratory activities.

To think is to Practice brain chemistry...!

PROGRAM REPORT

- Program name** : A Three-weeks certification programme on laboratory techniques and usage of hazardous chemicals.
- Duration** : 04.04.2022 - 23.04.2022
- Venue** : GIET School Of Pharmacy
- Organised by** : Pharmacy college
- No. of Participants** : 92

Objective of the program:

Laboratory techniques phenomena is considered to the key role for developing practical skills. These also helps to develop critical and quantitative thinking. Proper knowledge about laboratory techniques also leads to decrease in statistical and systematic across in the experimental works well knowledge about laboratory techniques leads develop in the laboratory works. Having a program on safety usage of hazardous chemicals will reduce health and safety risks and decreases the risk of absorbing harmful amount of chemicals through the skin. This entire programme provides an overview on proper techniques to be followed in the laboratory and safe usage of toxic chemicals.

Topics Covered:

- Basic laboratory techniques
- Good laboratory practice
- Standard operating procedure
- Calibration of instruments
- Blotting techniques, Spectroscopic techniques, Chromatographic techniques
- Gel electrophoresis
- Microscopic techniques
- Cell culture techniques
- Methods for growing microbes
- Extraction techniques
- Polymerase chain reaction
- Techniques to perform bioassays
- Precautions to be taken to prevent from health hazards
- Handling of concentrated chemicals
- Proper knowledge on instruments
- Contamination of chemicals
- Proper laboratory facilities required to store chemicals

NAAC ACCREDITED

Outcome of the program

The participated students of the certification Programme will be able to understand the good laboratory techniques leads to performing reliable examination quality and output this also enable the students to explore a variety of laboratory testing techniques on various methods and instruments. It helps to provide a proper information about toxic chemical releases and other safety measures to be taken. This training helps the students to understand the best ways to improve good laboratory practices in regular laboratory activities.

From 04.04.2022 to 23.04.2022, A three-week certification program was held on on “Laboratory techniques and usage of Hazardous Chemicals” in our college by Dr.C. Gopi, Professor, Department of pharmaceutical chemistry and 92 students participated in the programme.

ABOUT THE COLLEGE

GIET School of Pharmacy was established in 2004 by Founder and Chairman Dr. K.V.V. Sriyanarayana Raju, under Sri Koundinya Educational Society who is the pioneer in educational institutions of East Godavari District, Andhra Pradesh. The institute is affiliated to Andhra University, approved by AICTE and recognized by PCI, New Delhi. GIET School of Pharmacy is one of few institutions in Andhra Pradesh approved by the National Assessment and Accreditation Council (NAAC), Bangalore, which illustrates its quality in academic. Considering the global focus on clinical orientation of the pharmacy profession, GIET School of Pharmacy is one of the few institutions, which introduced the Doctor of Pharmacy (Pharm.D) course in 2008, for the first time in India, with the approval from PCI.

A TWO-WEEK CERTIFICATION COURSE ON ADVANCES IN PHARMACEUTICAL DRUG DELIVERY

REGISTRATION
FREE

07.03.2022- 19.03.2022

9:30AM to 12:30 PM

75-126

GIET School of Pharmacy
NH-16, Chaitanya Knowledge
City Rajamahendravaram -
533296

Objective of the program

Advanced drug delivery system are carriers for a wide range of pharmacotherapies used in many applications, including cancer treatment is growing rapidly as they help overcome the limitations associated with conventional drug delivery system. Drug delivery aims to potentiate the therapeutic effect of medicinal drugs by conferring augmented physicochemical feature upon them for example by overcoming the inherent instability of biologics which impairs their pharmacokinetics

Topics Covered

- New delivery routes/ pathway.
- Within the therapeutic window.
- Widening of the therapeutic window.
- Basic researches vs product development.
- Current status of nanomedicine in cancer therapy
- Pharmacokinetics issues.
- Pharmacodynamics issues.
- Hyped hypotheses.
- Preclinical clinical relationship.
- The future drug delivery.

OUTCOME OF THE PROGRAM

The participants of the course will be able to understand the development of novel drug delivery system plays a leading role in pharmaceutical sector nowadays. Conventional dosage forms such as tablets, capsules and emulsion are limited by several drawbacks. A variety of drug delivery technologies has been developed and evaluated & numerous strategies for a controlled and targeted delivery has been explored.

PROGRAM REPORT

Program name : Advances in Pharmaceutical drug delivery A Two-week

Certification course

Duration : 18.04.2022 - 30.4.2022

Venue : GIET School Of Pharmacy

Organised by : Pharmacy college

No. of Participants : 28

Objective of the program:

Advanced drug delivery system are carriers for a wide range of pharmacotherapies used in many applications. including cancer treatment is growing rapidly as they help overcome the limitations associated with conventional drug delivery system. Drug delivery aims to potentiate the therapeutic effect of medicinal drugs by conferring augmented physicochemical feature upon them for example by overcoming the inherent instability of biologics which impairs their pharmacokinetics

Topics Covered:

- New delivery routes/ pathway
- Within the therapeutic window
- Widening the therapeutic window
- Basic research vs product development
- Current status of nanomedicine in cancer therapy
- Pharmacokinetics& pharmacodynamics issues
- Hyped hypotheses
- Preclinical-clinical relationship
- The future drug delivery

Outcome of the program

The participants of the course will be able to understand the development of novel drug delivery system plays a leading role in pharmaceutical sector nowadays. Conventional dosage forms such as tablets, capsules and emulsion are limited by several draw backs. A variety of drug delivery technologies has been developed and evaluated & numerous strategies for a controlled and targeted delivery has been explored.

From 18.04.2022 to 30.04.2022 A Two-week Certification program was held on “Advances in Pharmaceutical drug delivery” in our college by Ms. R. Harika, Department of pharmacology and 28 students participated in the Programme.

About the college

GIET School of Pharmacy was established in 2004 by Founder and Chairman Dr. K.V.V. Satyanarayana Raju, under Sri Koundinya Educational Society who is the pioneer in educational institutions of East Godavari District, Andhra Pradesh. GIET School of Pharmacy is one of few institutions in Andhra Pradesh approved by the National Assessment and Accreditation Council (NAAC), Bangalore, which illustrates its quality in academe. Considering the global focus on clinical orientation of the pharmacy profession, GIET School of Pharmacy is one of the few institutions, which introduced the Doctor of Pharmacy (Pharm.D) course in 2008, for the first time in India, with the approval from PCI.

Objective of the program

Identify the biological environmental behaviour social causes and consequences of drug use and addition across the public. Develop new and improve strategy to prevent drug use and its consequences. The aim of drug education is to provide planned and structure learning opportunities for peoples to develop their knowledge skills and attitudes about all drugs and appreciates the benefits of a healthy life style relating this their own and other actions.

GIET SCHOOL OF PHARMACY

Certification Programme on Drugs, Drugs usage, Public

REGISTRATION FREE

DURATION
25.04.2022 - 07.05.2022

GIET School of Pharmacy
NH-16, Chaitanya Knowledge
City Rajamahendravaram -
533296

Topics Covered

- Provide factual information
- Inform decision making
- Promote healthy living
- Promote safety
- Discourage drug use
- Rise self-esteem
- Drug abuse assessment
- Evaluation of drug education
- Provide accessible and affordable health services
- Legal services
- Mental health services

Outcome of the program

The participants of the program will be able to understand the drug use and misuse and continue to create public health challenges which lead to over dose deaths. This to generation of knowledge on how to use the drugs. The social consequences of addiction are usually the most talked. dropping out of hospitalization and legal problems. The main objective of this program is to make participants aware about pharmacological action of drugs on the organs of the body.

GIET SCHOOL OF PHARMACY

ABOUT THE COLLEGE

GIET School of Pharmacy was established in 2004 by Founder and Chairman Dr. K.V.V. Sathyanarayana Raju, under Sri Koundinya Educational Society who is the pioneer in educational institutions of East Godavari District Andhra Pradesh. The institute is affiliated to Andhra University, approved by AICTE and recognized by PCI, New Delhi. GIET School of Pharmacy is one of few institutions in Andhra Pradesh approved by the National Assessment and Accreditation Council (NAAC), Bangalore, which illustrates its quality in academe. Considering the global focus on clinical orientation of the pharmacy profession, GIET School of Pharmacy is one of the few institutions, which introduced the Doctor of Pharmacy course in 2008, for the first time in India, with the

OBJECTIVE OF THE PROGRAM

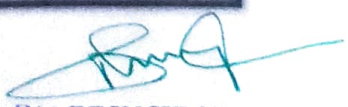

Medication plays an important role in life of the pharmacist. It also includes selection, procurement, dispensing, administration and review of medications to optimise patient outcomes and its goals to relief of pain and suffering, the promotion of health and prevention of disease and cure of disease. Having this programme helps us to know about the medication safety and evaluating and implementing new medication technologies, this course provides an overview on the importance of medication that a pharmacist should know about measures to provide safe medication.

A TWO-WEEK CERTIFICATION PROGRAMME ON MEDICATION YOU NEED TO KNOW

PROGRAM REPORT

- Program name** : A Two-week certification Programme on Medications you need to know
- Duration** : 02.05.2022 - 14.05.2022
- Venue** : GIET School Of Pharmacy
- Organised by** : Pharmacy college
- No. of Participants** : 88

Objective of the program:

Medication plays an important role in life of the pharmacist. It also includes selection, procurement, dispensing, administration and review of medications to optimise patient outcomes and its goals to relief of pain and suffering, the promotion of health and prevention of disease and cure of disease. Having this programme helps us to know about the medication safety and evaluating and implementing new medication technologies, this course provides an overview on the importance of medication that a pharmacist should know about measures to provide safe medication.

Topics Covered:

- Basic knowledge on medication.
- Importance of medication.
- Selection of medication.
- Procurement of medication.
- Dispensing of medication.
- Prescription and non-prescription-based medicine.
- Medication safety.
- Drug -drug interactions.
- Administration of medicine.
- New medication techniques.
- Role of pharmacist in medication.
- Guidelines to be followed under who.
- Pilot plant scale up of medicines.
- Multidisciplinary of medicines.

NAAC ACCREDITED

Objective of the program

The purpose of analytical method development is to establish the identity, purity, physical characteristics and potency of drugs, including the drugs bioavailability and stability. Validation is required to ensure that the results obtained from using a particular analytical method with accuracy and precision. This is essential in order to make sound decisions based on the data obtained from the analysis. This course provides an overview and guide the importance in development and validation in analytical methods.

GIET SCHOOL OF PHARMACY

A Certification course on Method development and Validation

Duration : 18.06.2022-30.6.2022

Time: 09:30AM- 12:30PM

Registration free

GIET School of Pharmacy NH-16,
Chaitanya Knowledge City
Rajamahendravaram -533296

ABOUT THE COLLEGE

GIET School of Pharmacy was established in 2004 by Founder and Chairman Dr. K.V.V. Satyanarayana Raju, under Sri Koundinya Educational Society who is the pioneer in educational institutions of East Godavari District, Andhra Pradesh. The institute is affiliated to Andhra University, approved by AICTE and recognized by PCI, New Delhi. GIET School of Pharmacy is one of few institutions in Andhra Pradesh approved by the National Assessment and Accreditation Council (NAAC), Bangalore, which illustrates its quality in academe. Considering the global focus on clinical orientation of the pharmacy profession, GIET School of Pharmacy is one of the few institutions, which introduced the Doctor of Pharmacy (Pharm. D) course in 2008, for the first time in India, with the approval from PCI.

Topics covered

- Data analysis methods and techniques
- General principles of analytical method validation
- Key aspects of the analytical method selection process
- Analytical models
- Types of validation
- Factors influencing the selection of analysis methods
- Basic components of an analytical instruments
- Parameters of validation
- Levels of validation
- LOD and LOQ in method validation
- Data validation

Outcome of the program

The participants of the course will be able to understand the analytical method development is a crucial phase in analytical studies of the drugs. The participants can understand the process of showing the analytical procedures are important for the purpose of assessing the drugs and particularly in API active pharmaceutical ingredients. This training helps us to understand the importance of analytical methods in drug development.

NAAC ACCREDITED

July 4, 2022

PROGRAM REPORT

Program name : Analytical method development and validation

Duration : 18.06.2022 - 30.6.2022

Venue : GIET School Of Pharmacy

Organised by : Pharmacy college

No. of Participants : 14

Objective of the program:

The purpose of analytical method development is to establish the identity, purity, physical characteristics and potency of drugs, including the drugs bioavailability and stability. Validation is required to ensure that the results obtained from using a particular analytical method with accuracy and precision. This is essential in order to make sound decisions based on the data obtained from the analysis. This course provides an overview and guide the importance in development and validation in analytical methods.

Topics Covered:

- Data analysis methods and techniques
- General principles of analytical method validation
- Key aspects of the analytical method selection process
- Analytical models
- Types of validation
- Factors influencing the selection of analysis methods
- Basic components of an analytical instruments
- Parameters of validation
- Levels of validation
- LOD and LOQ in method validation
- Data validation

GIET SCHOOL OF PHARMACY

(SPONSORED BY SRI KOUNDINYA EDUCATIONAL SOCIETY)

(Affiliated to Andhra University, Approved by AICTE & PCI)

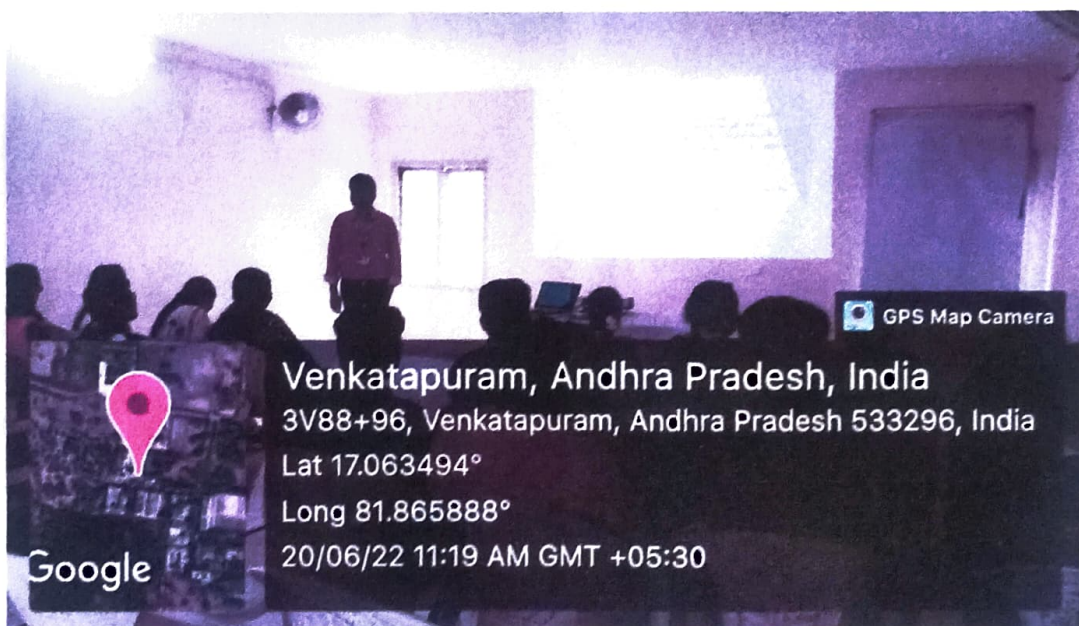

NH-16, Chaitanya Knowledge City, RAJAHMUNDRY – 533 294, E.G. District, (A.P.)

Tel : 0883 – 2484444, 6577444, Fax: 0883 – 2484444, 2484739.

NAAC ACCREDITED

Outcome of the program

The participants of the course will be able to understand the analytical method development is a crucial phase in analytical studies of the drugs. The participants can understand the process of showing the analytical procedures are important for the purpose of assessing the drugs and particularly in API active pharmaceutical ingredients. This training helps us to understand the importance of analytical methods in drug development.

From 18.06.2022 to 30.06.2022 A Two-week Certification program was held on “Analytical method development and validation” in our college by Dr.T. Deepan, Department of pharmaceutical analysis and 14 students participated in the Programme.
