## ACTION TAKEN REPORT FOR THE ACADEMIC YEAR 2018-2019 STUDENTS FEEDBACK ON CURRICULUM

The organization is affiliated to AU, Visakhapatnam and the college academic curriculum is designed by the studies in the university. The curriculum designs were designed by taking suggestions and remarks from the affiliated colleges through conducting meetings with the principals before preparing the blueprint of curriculum. The institution has extracted feedback on the curriculum design from various stakeholders. The feedback is analysed at college academic meetings and the opinion of the faculty members was taken into consideration in the institution.

Depending upon the view of the curriculum the following points were determined:

- The institution assures the students to have a teacher-student friendly session
- Students have the choice of aiming for higher studies during the library hours
- Students will pertain the soft skill development assets which will help the students for their mere future

The proper analysis was made for the curriculum and was conveyed to the university by the principal through the meetings and it does suit the student psychology and enables the student to have lateral thinking.
