## Policy document on green campus:

A Green Campus is where environmentally friendly practices and education combine to promote sustainable and eco-friendly practices. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to the environmental, social, and economic needs of mankind.

GIET School of Pharmacy promotes eco-friendly practices on campus.

### **Objectives of the policy:**

- To promote sound environmental management policies and practices throughout the College.
- To reduce and, where practicable, prevent pollution.
- To adopt targets for improving environmental performance.
- To ensure a sound understanding of current environmental performance.
- To compose students by understanding the importance of the environment and its problem areas.
- To implement green campus initiatives.

Greening the campus is all about sweeping away wasteful inefficiencies and using conventional energy sources for its daily power needs, correct disposal handling, purchase of environment-friendly supplies, and an effective recycling program. The Institute's administration believes everyone must work out time-bound strategies to implement green campus initiatives. These strategies need to be incorporated into the institutional planning and budgeting processes with the aim of developing a clean and green campus. Every individual of GSP will work, may he/she be a student, faculty, or support staff, to foster a culture of self-sustainability and make the entire campus environmentally friendly. The Green Campus Initiatives (GCI) will enable the institution to develop the campus as a living laboratory for innovation.

GIET Institutions is committed to managing its campus in accordance with its responsibilities toward promoting a sustainable environment. These responsibilities can be demonstrated within the following areas:

- Green Environment and Clean Campus
- Solid Waste Management
- E-Waste Management
- Liquid Waste Management
- Maintenance of Water Bodies
- Water Conservation and Management.
- Paperless operating procedure
- Landscaping with Trees and Plants
- Energy Use and Conservation
- Air Pollution Management
- Restricted Use of Automobile
- Ban on Single-use Plastics on the Campus.

Strict measures are implemented, and students are instructed to keep the campus clean, reflected in student handbooks. Several Quotes related to the importance of a clean and green environment are displayed on the campus. A gardener team and full-time adequate supportstaff are appointed to maintain a litter-free clean and Green Campus.

## DIVYANGJAN POLICY

GIET School of Pharmacy opposes all forms of discrimination, including disability discrimination. It intends to promote a comprehensive and inclusive teaching and learning environment in which disabled students and employees are not upset or treated negatively.

The institute intends to make its programs, administrations, and activities available to students. All of the institute's authorities are working hard to extend a helping hand to the differently abled in order to ensure the benefits of ground programs, administrations, and activities.

### OBJECTIVES OF THE POLICY

- ✓ To foster an inclusive culture in order to avoid discrimination, exploitation, and exclusion of disabled students and staff from all aspects of work and education.
- ✓ To develop a suitable regulatory mechanism for the effective delivery of services to the institute's disabled students and staff.
- ✓ To ensure the implementation of all laws pertaining to people with disabilities.
- ✓ To provide accessible and inclusive education at the institute.
- ✓ To ensure full participation and equal development opportunities for people with disabilities.
- ✓ To provide the necessary budget allocation to achieve the above objectives.
- ✓ The terms used in the policy have meanings specified in Chapter I of the Rights of Persons with Disabilities Act 2016.

### ENABLING UNITS FOR PERSONS WITH DISABILITIES

- ✓ The enabling unit will be coordinated by a coordinator appointed by the principal.
- ✓ A counsellor-cum-placement officer will be appointed for the unit from among the collegemembers.
- ✓ Given the unit's various functions and activities, the institute will provide the necessary support staff.
- ✓ The unit will collaborate with the expert committee for people with disabilities to implement the policy for people with disabilities.
