ABOUT THE FDP REBUILDING PHARMACY EDUCATION IN POST COVID 19

The essence of education lies not only in theoretical knowledge from the textbooks but conditioning the minds to think innovatively. The Covid-19 Pandemic has in fact again brought the quotation live and has compelled the educationist worldwide to reinvent the role of education in controlling a pandemic of this magnitude which has devastated the entire world. pharmacy education provides the most vital skill sets, which has a tremendous potential to serve the vulnerable society suffering from the atrocities of the Covid-19 pandemic. The present piece of writing is an attempt to suggest some possible ways through which the pharmacy institutes can contribute towards building a responsible fleet of pharmacy professional dedicated to the management of the Covid-19 pandemic.

About the College :

GIET School of Pharmacy was established in 2004 by Founder and Chairman Dr. K.V.V. Sanyasurayana Raja, under Sri Koundinya Educational Society who is the pioneer in educational institutions of East Godavari District, Andhra Pradesh. The institute is affiliated to Andhra University, approved by AICTE and recognized by PCI, New Delhi. GIET School of Pharmacy is one of few institutions in Andhra Pradesh approved by the National Assessment and Accreditation Council (NAAC), Bangalore, which illustrates its quality in academic. Considering the global focus on clinical orientation of the pharmacy profession, GIET School of Pharmacy has started the Doctor of Pharmacy (Pharm.D) course in 2008 with the approval from PCI.

Course offered

B Pharm: Bachelor of Pharmacy (B.Pharm) is an undergraduate degree course in the field of Pharmacy education. The students those are interested in the medical field (except to become a doctor) can choose this course after the completion of class 12th, can work in a range of industries related to the prescription, manufacture & provision of medicines. The duration of this course is 4 years.

Pharm D: Doctor of Pharmacy (Pharm D) is a professional degree in pharmacy. The Pharm D course lasts six years in total, with five years of classroom instruction and one year of practical training. The only doctoral degree that can be pursued immediately after finishing the 10+2 exams. Furthermore, B Pharm graduates can pursue a Pharm D course by applying for a lateral entry program, i.e., Pharm D course (Post Baccalaureate).

M Pharm: A Master of Pharmacy degree holder is one pharmacy course that is structured in a way to provide entire technical, research, practical and theoretical knowledge of pharmacy including traditional and modern medicines. The degree is of great value because a person holding this degree is as knowledgeable as a medical practitioner with years of experience, in fact, way ahead of doctors by acquiring knowledge with experience of complete health care industry.

FDP ON CANCER AND IT'S MANAGEMENT –FIVE DAY PROGRAM

ORGANISED BY: IQAC, GIET
School of Pharmacy

DATE : 21 – 25 FEB, 2022

VENUE : CONFERENCE HALL,
GIET SCHOOL OF PHARMACY

About the College :

GIET School of Pharmacy was established in 2004 by Founder and Charman Dr. K.V.V. Satyanarayana Raju, under Sri Koundinya Educational Society who is the pioneer in educational institutions of East Godavari District, Andhra Pradesh. The institute is affiliated to Andhra University, approved by AICTE and recognized by PCI, New Delhi. GIET School of Pharmacy is one of few institutions in Andhra Pradesh approved by the National Assessment and Accreditation Council (NAAC), Bangalore, which illustrates its quality in academics. Considering the global focus on clinical orientation of the pharmacy profession, GIET School of Pharmacy has started the Doctor of Pharmacy (Pharm.D) course in 2008 with the approval from PCI.

Course offered

B Pharm: Bachelor of Pharmacy (B.Pharm) is an undergraduate degree course in the field of Pharmacy education. The students those are interested in the medical field (except to become a doctor) can choose this course after the completion of class 12th. can work in a range of industries related to the prescription, manufacture & provision of medicines. The duration of this course is 4 years.

Pharm D: Doctor of Pharmacy (Pharm D) is a professional degree in pharmacy. The Pharm D course lasts six years in total, with five years of classroom instruction and one year of practical training. The only doctoral degree that can be pursued immediately after finishing the 10+2 exams. Furthermore, B Pharm graduates can pursue a Pharm D course by applying for a lateral entry program, i.e., Pharm D course (Post Baccalaureate).

M Pharm: A Master of Pharmacy degree holder is one pharmacy course that is structured in a way to provide entire technical, researched, practical and theoretical knowledge of pharmacy including traditional and modern medicines. The degree is of great value because a person holding this degree is as knowledgeable as a medical practitioner with years of experience, in fact, way ahead of doctors by acquiring knowledge with experience of complete health care industry.

About the programme: Management skills are applied to a broad array of functions in areas like production, finance, accounting, marketing, and human resources.

Common components of management in different areas include selection, supervision, motivation and evaluation of staff, scheduling and planning of workflow, developing policies and procedures, measuring and documenting results for a group or department, solving problems, developing and monitoring budgets and expenditures, staying abreast of trends in the field, collaborating with other staff and departments, and leading and motivating employees.

About the programme :

Planning: Individual managers may or may not be personally involved in drafting company policy and strategy, but they have to ensure that they are still able to plan. You might be given a certain assignment and then be responsible for developing ways to meet those objectives.

Organizing: Organizing generally means writing resources to support an accomplish a plan. This might involve creating a new system of who reports to whom, designing a new system for the office, planning a conference or event, building a strategy and planning around how to move through a project, or determining how to meet several deadlines or how to improve production.

One-day workshop on “Management Skill” at GIET School of Pharmacy

One-day workshop on “Management Skill” has been organized by IQAC Cell GIET School of Pharmacy, Rajahmundry Andhra Pradesh on 04-03-2022 for UG students.

Dr. G. Vamsee Krishna, Professor, NRI College of Pharmacy, Pothavarappadu, acted as a chief guest & speaker and Dr M.D Dhanaraju GIET School of Pharmacy was presiding over the inaugural function. The welcome address was delivered by Dr C Gopi.

The inaugural function was followed by the webinar on “Management Skill” delivered by Dr. G. Vamsee Krishna. He focuses on Management Skill. He said that, from the workplace to extracurricular activities, there are some abilities that are not only useful in life, but are also highly sought-after by employers. In this blogpost, we would like to introduce the top 10 management skills you need to boost your career and personal growth. You don't need *management skills*? Think again. Contrary to popular belief, management skills are useful far beyond firms and organizations - they can help improve your personal abilities, your professional path, and your relationships.

About the program:

Tuberculosis management describes the techniques and procedures utilized for treating tuberculosis (TB). The medical standard for active TB is a short course treatment involving a combination of isoniazid, rifampicin, pyrazinamide, and ethambutol for the first two months.

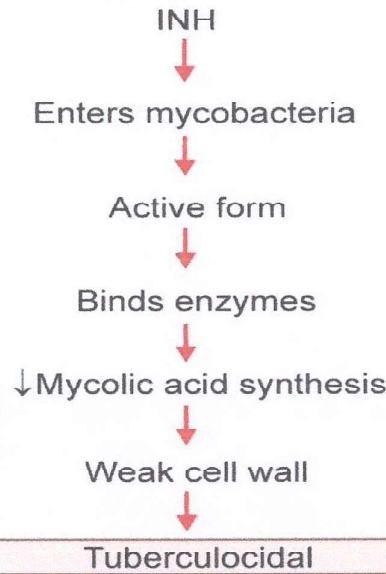

First-line agents for treatment of TB disease consist of isoniazid, a rifamycin (rifampin or [less frequently] either rifapentine or rifabutin), pyrazinamide, and ethambutol; in addition, moxifloxacin is a first-line agent when administered in combination with isoniazid, rifapentine, and pyrazinamide. Dosing for first-line agents for treatment of TB disease in adults is summarized in the tables
