ACTION TAKEN REPORT FOR THE ACADEMIC YEAR 2019-2020 STUDENTS FEEDBACK ON CURRICULUM

The organization is affiliated to AU, Visakhapatnam and the college academic curriculum is designed by the studies in the university. The curriculum designs were designed by taking suggestions and remarks from the affiliated colleges through conducting meetings with the principals before preparing the blueprint of curriculum. The institution has extracted feedback on the curriculum design from various stakeholders. The feedback is analysed at college academic meetings and the opinion of the faculty members was taken into consideration in the institution. Depending upon the view of the curriculum the following points were determined:

- Students are encouraged to enhance their presentation skills by having few sessions through the presentation medium
- Students are guided in such a way that they have the whole knowledge regarding the pharmacy related latest trends
- The additional experiments were included in the curriculum for the vast knowledge of students

Requirements in the curriculum were explained to the university by the principal through the meetings and it does suit the student psychology and enables the student to have lateral thinking.
