Report:

Critical thinking is fundamentally a process of questioning information and data. Logical thinking can also be defined as the act of analyzing a situation and coming up with a sensible solution.

A One-day seminar was organized on **Critical and logical thinking** by IQAC, GIET School of pharmacy. In this session **Dr. M.D. Dhanaraju M. Pharm, Ph.D.** addressed the students about the process of evaluation and analyzing the problem by using logical skills which separates the reasonable and non-reasonable beliefs. He concluded the seminar that the students have to develop the skills in a way that they have to come up with a solution for every problem,

Outcome: This training gave a solution to our students who are struggling at making decisions during critical conditions.

Report:

Stress can be defined as any type of change that causes physical, emotional or psychological strain. Stress is your body's response to anything that requires attention or action.

A Seminar on “**Stress Management**” was organized by IQAC, GIET School of Pharmacy. In this session **Dr. D.Narendra.**, addressed the students about the management of stress. He explained the health issues occurred due to non-controllable stress. He concluded the program by saying stress kills the person both physically and mentally when we do not manage properly.

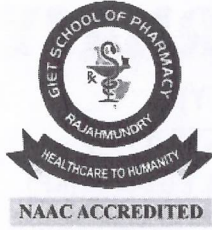

Outcome: The training was much useful for the students because it gave an idea to handle stressful life at any part of life personally and professionally.
