Tel 0883 - 2484444, E-mail: gietpharmacy@gmail.com, Website: www.gietpharmacy.in

ISO 9001:2015 Certified Institution

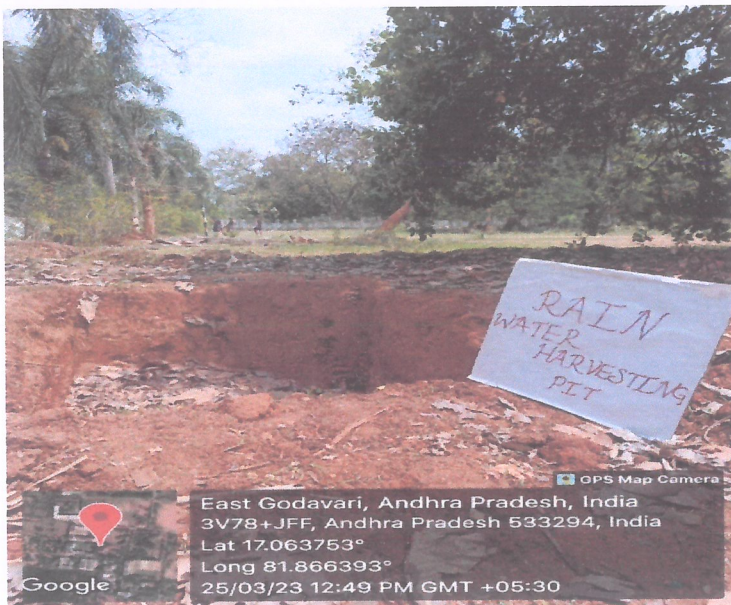

7.1.4 Water Conservation Facilities Available in the institution

1. Rain water harvesting structures
2. Bore well/Open well Recharge
3. Construction of Tanks and Bunds
4. Waste Water Recycling
5. Maintenance of water bodies and distribution systems in the campus

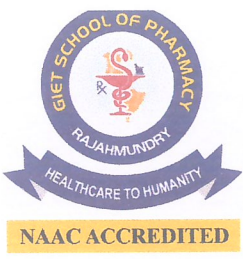

7.1.4 Water conservation facilities available in the institution

1. Rainwater harvesting structures and utilization in the campus

The institution has installed a rainwater harvesting system to ensure groundwater supply. The rainwater gathering pit was built according to industry standards. All required facilities are provided in the campus to harvest the rain water to the maximum extent. The related Geotagged photos are shown below.

5. Maintenance of water bodies and distribution systems in the campus

The groundwater is pumped into storage tanks at different campus places. The water is distributed through a well-laid pipe network throughout the campus.

GIET has its own **mineral water plant** in campus. It provides healthy and clean drinking water to staff and students. This water is provided to the classrooms, laboratory, hostel, and mess. In addition to this, the water cooler is also provided to the students.
