About GIET:

Established in 2004, GIET School of Pharmacy is one of the premier institutes situated in Andhra Pradesh. The Institute is famous for offering bachelors, masters and doctorate program in the field of Pharmaceutical Science stream. The courses are

- B.Pharm.
- M.Pharm.
- Pharm.D,
- Pharm.D (PB)

Admissions are offered on the basis of state level and national level entrances such as AP EAMCET and GPAT. GIET School of Pharmacy is well known for their academe as well as extracurricular and cultural activities. Internships are also encouraged which helps students in the campus placement drives.

Herbal medicines have been used for many years. Their history can be rooted from ancient

civilization, where their roles as a primary source of medication have been evident. There are various plants which are used as chewing sticks in different parts of the world.

Herbal extracts have been successfully used in dentistry as tooth cleansing and antimicrobial plaque agents. The barberry (*Berberis vulgaris*) dental gel has been shown to effectively control gingivitis and microbial plaque formation in children.

Herbal medicines are the oldest form of health care known to mankind. Herbal medicines contain traditional natural organic and inorganic ingredients.

Herbal drugs are less cost, more safety, less sideeffect and eco friendly

About GIET:

Established in 2004, GIET School of Pharmacy is one of the premier institutes situated in Andhra Pradesh. The institute is famous for offering bachelors, masters and doctorate programmes in the field of Pharmaceutical Science stream. The courses are

- B.Pharm.
- M.Pharm.
- Pharm.D.
- Pharm.D (PB)

Admissions are offered on the basis of state level and national level entrances such as AP EAMCET and GPAT.

GIET School of Pharmacy is well known for their academe as well as extracurricular and cultural activities. Internships are also encouraged which helps students in the campus placement drives.

Analytical methods including chromatographic methods are commonly used for the quantitative and qualitative analysis of raw materials, drug substances, drug products, and compounds in biological samples in pharmaceutical industry. The components monitored include chiral or achiral drugs, process impurities, residual solvents, excipients such as preservatives, degradation products, extractable and leachable from container and closure or manufacturing process, pesticide in drug product from plant origin, and metabolites.

The study of analytical technique available in the process of drug development chromatography, electrophoretic, flow injection analysis. In this FDP we discuss about modern trend which is available and applicable to improve the analytical behavior.

The latest trend in method development technique is useful to defeat errors in analytical techniques

MEMORANDUM OF UNDERSTANDING On Academic training and cooperation between

Lenora Institute of Dental Sciences, Rajahmundry, E. G. District, A.P
And
GIET School of Pharmacy, Rajahmundry, E. G. District, A.P.

1. Purpose

With the object of promoting their co-operation in academic education and research, Lenora Institute of Dental Sciences, Rajahmundry ("LIDS") and GIET School of Pharmacy, Rajahmundry, individually also "Party" and collectively the "Parties", enter into the following Memorandum of Understanding ("MoU").

2. Forms of Co-operation

Within such fields as are mutually acceptable for the Parties, the following forms of co-operation, amongst others, may be pursued hereunder:

- Training Drug formulations for Post Graduate students.
- Co-operation in academic projects for specified areas of development
- Opportunities for other forms of co-operation.

3. Specific Co-operation Projects

Specific co-operation projects, for instance within such fields as described in section 2 above, must be negotiated separately between the Parties and are in each specific case to be established in separate written agreements, stating the respective rights and obligations of the Parties. In case of any ambiguity or conflict of terms between the terms and conditions of this MoU and those of a separate agreement as mentioned above, the terms and conditions of such separate agreement shall prevail.

4. Financial Arrangements

Both Parties understand that all financial arrangements between the Parties have to be further negotiated and mutually agreed, and will depend on the availability of funds. Both parties may seek financing of joint activities from internal and external sources available to them.

5. Liability

Except for loss or damages caused through gross negligence or intent, the Parties shall have no liability to each other hereunder.

6. Legal Relationship

This MoU shall be construed as a statement of purpose to promote a genuine and mutually beneficial collaboration between the Parties. Nothing in this MoU shall create any legal relationship between the Parties.

7. Commencement, Renewal, Termination

This MoU will be effective from the date of the last signature hereto and will remain in force for a time period of one (1) year, with a possibility for renewal at the end of the period, subject to the Parties written agreement. Either Party may terminate this MoU by giving two months' notice in writing to the other Party.

This MoU has been drawn up in two (2) original copies in the English language, each Party receiving one duly signed copy hereof.

About GIET:

Established in 2004, GIET School of Pharmacy is one of the premier institutes situated in Andhra Pradesh. The Institute is famous for offering bachelors, masters and doctorate program in the field of Pharmaceutical Science stream. The courses are

- B.Pharm.
- M.Pharm.
- Pharm.D,
- Pharm.D (PB)

Admissions are offered on the basis of state level and national level entrances such as AP EAMCET and GPAT. GIET School of Pharmacy is well known for their academe as well as extracurricular and cultural activities. Internships are also encouraged which helps students in the campus placement drives.

Herbal medicines have been used for many years. Their history can be rooted from ancient

civilization, where their roles as a primary source of medication have been evident. There are various plants which are used as chewing sticks in different parts of the world.

Herbal extracts have been successfully used in dentistry as tooth cleansing and antimicrobial plaque agents. The barberry (*Berberis vulgaris*) dental gel has been shown to effectively control gingivitis and microbial plaque formation in children.

Herbal medicines are the oldest form of health care known to mankind. Herbal medicines contain traditional natural organic and inorganic ingredients.

Herbal drugs are less cost, more safety, less sideeffect and eco friendly

About GIET:
Established in 2004, GIET School of Pharmacy is one of the premier institutes situated in Andhra Pradesh. The institute is famous for offering bachelors, masters and doctorate programmes in the field of Pharmaceutical Science stream. The courses are

- B.Pharm,
- M.Pharm,
- Pharm.D,
- Pharm.D (PB)

Admissions are offered on the basis of state level and national level entrances such as AP EAMCET and GPAT. GIET School of Pharmacy is well known for their academe as well as extracurricular and cultural activities. Internships are also encouraged which helps students in the campus placement drives.

The pharmaceutical is always challenging and has no exception. Certain hardy perennials such as drug pricing emerged in 2018 after new iterations. A gene therapy afforded by digital health technologies are the evidence. That sciences continues to push the envelope and ask the crucial question about how pharmaceutical might discovered develop deliver and funded in the future. They bring new shades to the ongoing debate about what the pharmaceutical industry, in an age where ageing and health are more central then ever to the economic , social, political and ethical evolution of our societies .

About GIET:

Established in 2004, GIET School of Pharmacy is one of the premier institutes situated in Andhra Pradesh. The institute is famous for offering bachelors, masters and doctorate programmes in the field of Pharmaceutical Science stream. The courses are

- B.Pharm.
- M.Pharm.
- Pharm.D.
- Pharm.D (PB)

Admissions are offered on the basis of state level and national level entrances such as AP EAMCET and GPAT.

GIET School of Pharmacy is well known for their academe as well as extracurricular and cultural activities. Internships are also encouraged which helps students in the campus placement drives.

Analytical methods including chromatographic methods are commonly used for the quantitative and qualitative analysis of raw materials, drug substances, drug products, and compounds in biological samples in pharmaceutical industry. The components monitored include chiral or achiral drugs, process impurities, residual solvents, excipients such as preservatives, degradation products, extractable and leachable from container and closure or manufacturing process, pesticide in drug product from plant origin, and metabolites.

The study of analytical technique available in the process of drug development chromatography, electrophoretic, flow injection analysis. In this FDP we discuss about modern trend which is available and applicable to improve the analytical behavior.

The latest trend in method development technique is useful to defeat errors in analytical techniques

About GIET:

Established in 2004, GIET School of Pharmacy is one of the premier institutes situated in Andhra Pradesh. The Institute is famous for offering bachelors, masters and doctorate program in the field of Pharmaceutical Science stream. The courses are

- B.Pharm.
- M.Pharm.
- Pharm.D,
- Pharm.D (PB)

Admissions are offered on the basis of state level and national level entrances such as AP EAMCET and GPAT. GIET School of Pharmacy is well known for their academe as well as extracurricular and cultural activities. Internships are also encouraged which helps students in the campus placement drives.

Herbal medicines have been used for many years. Their history can be rooted from ancient

civilization, where their roles as a primary source of medication have been evident. There are various plants which are used as chewing sticks in different parts of the world.

Herbal extracts have been successfully used in dentistry as tooth cleansing and antimicrobial plaque agents. The barberry (*Berberis vulgaris*) dental gel has been shown to effectively control gingivitis and microbial plaque formation in children.

Herbal medicines are the oldest form of health care known to mankind. Herbal medicines contain traditional natural organic and inorganic ingredients.

Herbal drugs are less cost, more safety, less sideeffect and eco friendly

ABOUT GIET:

GIET School of Pharmacy was established in 2004 by Founder and Chairman Dr. K.V.V. Satyanarayana Raju, under Sri Koundinya Educational Society who is the pioneer in educational institutions of East Godavari District, Andhra Pradesh. The institute is affiliated to Andhra University, approved by AICTE and recognized by PCI, New Delhi.

GIET School of Pharmacy is one of few institutions in Andhra Pradesh approved by the National Assessment and Accreditation Council (NAAC), Bangalore, which illustrates its quality in academic. Considering the global focus on clinical orientation of the pharmacy profession, GIET School of Pharmacy was introduced the Doctor of Pharmacy (Pharm.D) course in 2008 with the approval from PCI.

Course offered

B Pharm: Bachelor of Pharmacy (B Pharm) is an undergraduate degree course in the field of Pharmacy education. The students those are interested in the medical field (except to become a doctor) can choose this course after the completion of class 12th, can work in a range of industries related to the prescription, manufacture & provision of medicines. The duration of this course is 4 years.

Pharm D: Doctor of Pharmacy (Pharm D) is a professional degree in pharmacy. The Pharm D course lasts six years in total, with five years of classroom instruction and one year of practical training. The only doctoral degree that can be pursued immediately after finishing the 10+2 exams. Furthermore, B Pharm graduates can pursue a Pharm D course by applying for a lateral entry program, i.e., Pharm D course (Post Baccalaureate).

M Pharm: A Master of Pharmacy degree holder is one pharmacy course that is structured in a way to provide entire technical, researched, practical and theoretical knowledge of pharmacy including traditional and modern medicines. The degree is of great value because a person holding this degree is as knowledgeable as a medical practitioner with years of experience, in fact, way ahead of doctors by acquiring knowledge with experience of complete health care industry.

ABOUT THE PROGRAMME:

Rational drug design is the inventive process of finding new medications based on the knowledge of a biological target. Rational drug design (Wikipedia) "Rational drug design" is often equated with "computer-aided drug design", but it is certainly possible to design a drug without the aid of computers. The general process of rational drug design is as follows: scientists must first identify a target for a certain therapeutic need. Next, the structure of the target protein must be defined. Lastly, the drug's structure must be designed so that it specifically interacts with the target protein. Rational medicine use strategies enhance the effective, safe, and cost-effective use of medicines, preserve the effectiveness of antimicrobials, and contribute to good health outcomes.

One-day seminar on “Drug Research using Rational drug design” at GIET School of
Pharmacy

One-day seminar on “Drug Resarch using Rational drug design” has organized by IQAC Cell, GIET School of Pharmacy, Rajahmundry Andhra Pradesh on 06-08-2018 for teaching staff, PG and UG students.

Ms. Pydi Geetha Bhavani, Associate Professor, Vikas Institute of Pharmaceutical sciences, Rajahmundry, acted as a chief guest & speaker and Dr M.D Dhanaraju, Principal GIET School of Pharmacy was presiding over the inaugural function. The welcome address was delivered by Dr V.D Sundar.

The inaugural function followed by seminar on “Drug Resarch using Rational drug design” by Ms. Pydi Geetha Bhavani. She focuses on drug design, it often referred to as rational drug design or simply rational design, is the inventive process of finding new medications based on the knowledge of a biological target. The drug is most commonly an organic small molecule that activates or inhibits the function of a biomolecule such as a protein, which in turn results in a therapeutic benefit to the patient. In the most basic sense, drug design involves the design of molecules that are complementary in shape and charge to the biomolecular target with which they interact and therefore will bind to it. Drug design frequently but not necessarily relies on computer modeling techniques

ABOUT THE PROGRAMME :

Entrepreneurship education that provides an introduction to the values and basics of starting and running a business. Entrepreneurship education programs often guide youth through the development of a business plan and also may include simulations of business start-up and operation. Entrepreneurial education and training provides individuals with the ability to recognize commercial opportunities, self-esteem, knowledge and skills to act on them. It includes instruction in opportunity recognition, commercializing a concept, managing resources, and initiating a business venture. These types are usually used in all steps in a training process (orientation, in-house, mentorship, and external training). The training utilized depends on the amount of resources available for training, the type of company, and the priority the company places on training.

About GIET:

Established in 2004, GIET School of Pharmacy is one of the premier institutes situated in Andhra Pradesh. The Institute is famous for offering bachelors, masters and doctorate program in the field of Pharmaceutical Science stream. The courses are

- B.Pharm.
- M.Pharm.
- Pharm.D,
- Pharm.D (PB)

Admissions are offered on the basis of state level and national level entrances such as AP EAMCET and GPAT. GIET School of Pharmacy is well known for their academe as well as extracurricular and cultural activities. Internships are also encouraged which helps students in the campus placement drives.

Herbal medicines have been used for many years. Their history can be rooted from ancient

civilization, where their roles as a primary source of medication have been evident. There are various plants which are used as chewing sticks in different parts of the world.

Herbal extracts have been successfully used in dentistry as tooth cleansing and antimicrobial plaque agents. The barberry (*Berberis vulgaris*) dental gel has been shown to effectively control gingivitis and microbial plaque formation in children.

Herbal medicines are the oldest form of health care known to mankind. Herbal medicines contain traditional natural organic and inorganic ingredients.

Herbal drugs are less cost, more safety, less sideeffect and eco friendly

Analytical methods including chromatographic methods are commonly used for the quantitative and qualitative analysis of raw materials, drug substances, drug products, and compounds in biological samples in pharmaceutical industry. The components monitored include chiral or achiral drugs, process impurities, residual solvents, excipients such as preservatives, degradation products, extractable and leachable from container and closure or manufacturing process, pesticide in drug product from plant origin, and metabolites.

The study of analytical technique available in the process of drug development chromatography, electrophoretic, flow injection analysis. In this FDP we discuss about modern trend which is available and applicable to improve the analytical behavior.

The latest trend in method development technique is useful to defeat errors in analytical techniques

The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with First Party.

- 3.4 **Research and Development:** Both Parties have agreed to carry out the joint research activities in the fields of their expertise. The outcome of the R&D would be subject to the INTELLECTUAL PROPERTY section of this MoU.
- 3.5 **Skill Development Programs:** Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready and vice-versa.
- 3.6 **Expert Lectures:** Second Party to extend the necessary support to deliver expert lectures to the students of the First Party on the technology trends and in-house requirements and vice-versa.
- 3.7 **Faculty Development Programs:** Second Party to train the Faculties of First Party for imparting training as per the requirement in concerned sector/specialization, if available and vice-versa.
- 3.8 **Training and Placement of Students:** Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs; and will facilitate placements for the students.
- 3.9 **Consultancies, R&D and other Academic Matters:** The Parties will extend cooperation to each other in such a manner that it is mutually beneficial but does not create a conflict of interest on either's part. If such situation arises, the terms mentioned in the ARBITRATION section of this MoU would be resorted to.

4. ARBITRATION

- 4.1 Any dispute arising with regard to any aspect of this MoU shall be settled through mutual consultations and agreements by both Parties.
- 4.2 In the event of non-resolution of disputes through mutual consultation, the Parties hereby submit to the exclusive jurisdiction of the Telangana Courts of Law. The arbitration shall be conducted in accordance with Arbitration and Conciliation Act of 1996 and the venue of the arbitration shall be in Kota jurisdiction of dispute.

5. DURATION

- 5.1 This Memorandum of Understanding shall become effective upon signing by both Parties and shall remain in effect for a duration of ONE (1) year. It may be extended for another duration with mutual agreement.
- 5.2 The MoU may be terminated by either Party by giving three months' notice and settling all outstanding dues, if any, within that period.
